OFFICE OF
The Chairman, City Improvement
Trust Board, Bangalore.

No. AC 13/54-55
Encls 5.

Date 1st April 1954.

57/4/54

To

The Secretary to Government,
Local Self Government and Planning Departments,
Bangalore.

Sir,

Subject:- Continuance of the Drainage Section attached to the City Improvement Trust Board, Bangalore.

I write to state that the Drainage Section of the Bangalore City Improvement Trust Board has been in charge of the execution of the Comprehensive Drainage Scheme right from the beginning. In Government Order No.L.2046-50/Ml.90-42-77 dated 17th August '43, Government sanctioned the continuance of this section for a period of 3 years from 1st July 1943. Subsequently, in their Order No.L. 4562-6/Ml.14-48-34 dated 8-11-48, Government were pleased to direct that the Special City Drainage Division attached to the City ~~Improv~~ Improvement Trust Board, be continued up to the end of 1952-53 as there was a heavy programme of under-ground drainage work yet to be done in Bangalore City. Later on, in their Order No.11458-61/IIB 24-53-41 dated 10-12-53, Government were pleased to sanction the continuance of the drainage Section for a further period of one year from 1-4-1953. The term of this establishment as detailed in the margin has thus expired by 31-3-54.

Assistant Engineer	...	1
Overseer	...	1
Surveyor	...	1
Suboverseer	...	5
Draftsman	...	1
Clerk	...	1

The comprehensive drainage Scheme as originally sanctioned by Government in 1941 which was looked after entirely by this Drainage Section, has been practically completed except for settlement of a few final claims, laying of the outfall sewer for the City area and preparation of drainage maps of the City. In addition

P.T.O.

to this work, the drainage section is in charge of Under-ground Drainage Work of all the New layouts formed by the Trust Board. The works taken up in Kumarapark and Sunkenahalli Extensions are practically completed but in other Extensions, namely Jayanagar, Vyalikaval, Sampigehalli, Jayamahal, Anjanappa Gardens etc., the works are in different stages of progress and a considerable amount of work is yet to be done. In the housing area of the Industrial Suburb where a number of labour quarters are already constructed and the Labour Housing Corporation intends to develop the Labour Colony intensely during 1954-55, laying of underground sewers has just been commenced. Out of works already sanctioned and in progress, there still remains to be done Under-ground - - drainage work to the extent of Rs.5,63,400/-. In addition, sanction to an estimate for Rs.1,27,060/- under unremunerative works submitted to Government in this Office No. D.45/53-54 dated 19-3-54 is awaited and this brings the total magnitude of works to be executed to Rs.6,90,460/- Relative statements giving details of these works are duly enclosed.

Apart from the above, it is proposed to take up several new layouts such as Ramachandrapuram, Lakshminarayanapuram, Oaklipuram, ~~new Timber yard~~, Vasanthanagar etc., during 1954-55 and these places will all need an efficient Under-ground Drainage system. The preparation of detailed schemes which are roughly estimated at about Rs.5 lakhs will entail heavy work. Further, Government in their Order No. L.5721-28/I.T.B.30-59-9 dated 13th August 1953 have sanctioned the scheme for sewage disposal at Kenchenahalli, Vrishabhavathi Valley and before this work is completed, the proposal for laying of the outfall sewer from Magadi Road up to this site has to be finalised and submitted to

Government for sanction. The necessity of continuing the Drainage Section is thus apparent.

From a review of the above facts, it will be noticed that the maintenance of a drainage Section is necessary on a permanent basis itself. However, considering the outlay incurred during the previous years, I request that the drainage Section may be continued for a period of at least 2 years from 1-4-54. Incidentally, this will synchronise with the completion of works proposed under the Four Year Programme of the Board. I also suggest that the post of Overseer included in the establishment sanctioned for 1953-54 may be omitted as a measure of economy and the remaining establishment sanctioned and communicated early. Pending receipt of Government sanction, the establishment is being continued from 1-4-54 to push through the works already in progress.

Yours faithfully,

(R. Madhavan)
Chairman.
